Important Questions	Answers	Why This Matters:
What is the overall deductible?	Network providers : \$0 Individual / \$0 Family – Option 1. \$250 Individual / \$500 Family – Option 2. Out-of-network providers : \$500 Individual / \$1,000 Family – Option 3.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Deductible amounts cross-accumulate between Option 1 and Option 2.
Are there services covered before you meet your deductible?	Yes. Preventive care and services not subject to deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, \$25 individual / \$50 family for specialty prescription drug coverage.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Network providers : \$3,600 Individual / \$7,200 Family – Option 1. \$4,800 Individual / \$9,600 Family – Option 2. Out-of-network providers : \$6,000 Individual / \$12,000 Family – Option 3.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Out-of-pocket maximum amounts cross-accumulate between Option 1 and Option 2.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See https://www.fhcp.com/our-provider-network/ or call 1 (877) 615-4022 for a list of network providers .	You pay the least if you use a provider in Option 1. You pay more if you use a provider in Option 2. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
