

Florida Health Care Plans

2012 Medicare HMO Plan Provider Directory

This directory provides a list of Florida Health Care Plan's network providers.

This directory is for Flagler and Volusia counties, FL.

This directory is current as of May, 2012. Some network providers may have been added or removed from *our network* after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about FHCP's network providers in your area, you can visit www.fhcp.com or call our Member Service Department at 1-877-615-4022, 7 days a week from 8 am to 8 pm. TTY users should call TRS Relay 711.

A Medicare Advantage Organization with a Medicare contract

This document may be available in an alternate format such as Braille, larger print or audio, call Member Services at the number listed above.

Section 1 – Introduction

This directory provides a list of Florida Health Care Plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will need a referral from your Primary Care Physician to see most specialty providers listed in this directory. However, there are certain specialists and services listed in the directory under the category of “Direct Access” that do not require a referral from your PCP. There are also certain services that you can access without a referral from your PCP. The providers of these services are also listed in the “Direct Access” section of the directory.

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Family Practice, Internal Medicine, General Medicine and Pediatric physicians serve as PCP’s for FHCP members.

The “network providers” listed in this directory have agreed to provide you with your healthcare and vision coverage. You may go to any of our network providers listed in this directory however, most services may require a referral from your PCP. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. For example, if you need a specialty service or care that cannot be rendered by a FHCP network provider, FHCP will make arrangements for you to be seen by a provider that is not in our network. Also, emergency care inside or outside of Volusia or Flagler Counties, or urgent care outside of Volusia or Flagler Counties can be provided by providers that are not in FHCP’s network. If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get the service or care.

If you are a member of the Medvantage Plan (HMOPOS) or the Medvantage Rx Plus Plan (HMOPOS) and have elected the Optional Point of Service benefit, then you may choose to see any non-plan provider or facility that accepts Medicare assignment outside of FHCP’s network or contracted HMO participating provider, without a referral.

If you receive a bill from a non-plan provider, please do not pay the bill. You should forward the bill to FHCP’s Claims Department at P.O. Box 9910, Daytona Beach, FL 32120-9910 for processing.

Emergency care and post-stabilization services can always be obtained in or out of the service area from the nearest available provider. You do not have to obtain emergency or post-stabilization care from a FHCP network provider. When inside the service area you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. FHCP emergency and post-stabilization services can be obtained from any hospital, urgent care center, or physician’s office. FHCP network hospitals that provide emergency services inside our service area are listed in this directory.

It is important that you understand that unless you have elected the Optional Point of Service benefit, if you obtain routine care from out-of-network providers neither Medicare nor Florida Health Care Plans will be responsible for the costs. If you have FHCP’s Optional Point of Service benefit, with the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

What is the service area for Florida Health Care Plans?

The counties in our service area are listed below.

Flagler and Volusia counties, Florida

How do you find Florida Health Care Plan providers in your area?

Our list of FHCP participating provider is organized by alphabetically by type of provider. You can choose your PCP from any listed PCP that is convenient for you.

If you have questions about Florida Health Care Plans or require assistance in selecting a PCP, please call our Member Service Department at 1-877-615-4022, 7 days a week from 8 am to 8 pm. TTY users should call TRS Relay 711. Or, visit www.fhcp.com.

Contract Facilities**Contracted Hospital & Emergency Facilities**

"Emergency Medical Condition" is defined as a condition manifesting itself by acute symptoms of sufficient severity (including severe pain), such that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the health of the individual (or in the case of a pregnant woman, the health of the woman or her unborn child), impairment of bodily functions, or dysfunction of any bodily organ or part. FHCP contracts with the listed hospital and emergency facilities, however, for those members requiring emergency services where the time to reach a FHCP contracted facility would mean the risk of jeopardizing the member's health, the member should seek medical care and treatment at the nearest appropriate facility or hospital even if FHCP does not contract with same.

FHCP contracts with the following hospitals for inpatient, outpatient and twenty-four (24) hour emergency services; however, Pediatric admissions are only available at Halifax Health Medical Center, Daytona.
