# FLORIDA HEALTH CARE PLANS

## MEMORANDUM

---

To: All Primary Care Physicians, Specialists & Practice Managers  
From: Diabetes/Health Education Dept.  
Date: May 6, 2009  
Subject: Expanded Educational Services

---

The Diabetes/Health Education Dept. is continuing to expand services to better serve your patients.

We are adding more services to the Port Orange facility. In April, we added Port Orange appointments for one-on-one nutrition counseling. In June, we will pilot adding Port Orange Pre-Diabetes classes to our schedule. We continue to have the Diabetes 10 hour ADA approved program at this facility and *Nutrition Game Plan* for Diabetes (our 2 hour diabetes refresher course.)

Our goal is to reach and educate as many patients as possible. We need your help to fulfill this goal. For the **Diabetes 10 hour program**, **Heart Healthy Eating** classes and **Nutrition Game Plan**, members may self-refer; however, patients are more likely to see the need for education when their physician refers them.

We will continue to post our changes so you are aware of the services we provide.

For more information, please call 386-676-7133 or toll free 1-877-229-4518. Referrals may be faxed to 386-615-4065.
