FHCP Surgery Center Pricing Information

This website is designed primarily as a resource for you to obtain pricing estimates for our most frequently utilized outpatient surgery services. We hope that through this and the other information we provide here, you can make more informed choices about your healthcare and have a better understanding of your financial obligations when you visit our facility. FHCP is pleased to provide information to consumers related to the financial side of your health care needs for services rendered at FHCP facilities by FHCP employed providers.

When you arrive at the FHCP Surgery Center, you will be required to provide your identification, finalize financial arrangements for your portion of the Surgery Center bill, and sign a few forms before going to the Surgery Center for your surgery or procedure. Similar to your visits to your physician's office, we expect payment at time of service. If you are ineligible for Medicaid and cannot pay your portion of the estimated bill, we will work with you to set up monthly payment arrangements to pay your portion of our bill. If, after your services are received, any additional payment is due, we will send you information about any amount you may still owe. We accept major credit cards, checks, money orders and cash. Please contact FHCP regarding any other applicable financial assistance and payment plans. FHCP does not offer discount programs. FHCP does not have a charity care policy. Unpaid amounts may be forwarded to collections.

The service bundle information is a non-personalized estimate of costs that may be incurred by a patient for anticipated services. Actual costs will be based on services actually provided to you.

Florida Health Care Plans Surgery Center makes no guarantees regarding the accuracy of the pricing information provided herein. The pricing information provided by this website is strictly an estimate of prices, and Florida Health Care Plans cannot guarantee the accuracy of any estimates. All estimates are based on information provided by a prospective patient and do not include, among other things, any unforeseen complications, additional tests or procedures, and other related charges, any of which may increase the ultimate cost of the services provided. Any prospective patient should understand that a final bill for services rendered at Florida Health Care Plans Surgery Center or by FHCP employed physicians may differ substantially from the information provided by this website, and Florida Health Care Plans shall not be liable for any inaccuracies.

Independent laboratory and radiology services will also bill you separately for reading and interpreting EKG's, X-rays, EEG's and lab work. If you have questions about those bills, please call the number printed on their statements.

The fees and estimates provided on this website are only related to your Surgery Center bill. Your personal physician or other physicians providing you with services related to your surgery/procedure will bill you separately. This can include fees related to specialists, anesthesiologists, pathologists, and radiologists. In addition to the fee schedules noted on our website, you may request from our Surgery Center, and other health care providers involved in your surgery/procedure, a more personalized estimate of charges. You should contact each doctor who will provide services in FHCP's Surgery Center to determine the health insurers and health maintenance organizations with which the doctor participates as a network provider or preferred provider. The names, mailing addresses, and telephone numbers of the health care practitioners and their medical practice groups with which the FHCP Ambulatory Surgery Center contracts to provide services in our Surgery Center are available on FHCP's website under ASC Approved Providers.
