The information contained on the following pages is intended to be a brief overview of the various departmental functions of FHCP, as well as your rights and responsibilities as a member of FHCP. This guide is not intended to replace or change any of the provisions or terms of your Plan-Specific Schedule of Benefits, Summary of Benefits, and/or Certificate of Coverage.
At Florida Health Care Plans (FHCP), we believe that it is our responsibility to positively impact the overall health and wellness of our members, and we have committed ourselves to create a health care system to do just that. Our dedicated team of health care professionals is here to help you live a healthier and happier life. The goal of this Member Resource Guide is to make your journey to good health easier. We could not be more proud of our employees and their total commitment to your well-being.

FHCP is a trusted name with a solid reputation for delivering high quality care at affordable prices. We have been providing health care for 45 years so we know the community and our members very well. After all, we are not just your health care professionals; we are your friends and neighbors. FHCP offers great health plan insurance coverage, high quality health care and member only pharmacies. With our online tools and a local team to help you, we offer a health care organization that is easy and convenient to use.

Please keep this Member Resource Guide in a convenient place so you can refer to it when you need it. If you need additional copies or have questions, please contact FHCP Member Services.

Commercial Members: 386-615-4022 or 1-877-615-4022 (TTY: 1-800-955-8770).
8:00 a.m.- 8:00 p.m. local time, Monday- Friday.

Medicare members: 1-833-866-6559 (TTY: 1-800-955-8770), 8:00 a.m.- 8:00 p.m. local time, 7 days a week from October 1 - March 31, except for Thanksgiving and Christmas. From April 1 - September 30, our hours are 8:00 a.m.- 8:00 p.m. local time, Monday- Friday.

Thank you for trusting your health to FHCP.
WHO IS FLORIDA HEALTH CARE PLANS?
Florida Health Care Plans (FHCP) is a trusted name in providing high-quality health care to those who live or work in Volusia, Flagler, Seminole, Brevard and St. Johns counties. Our core business is caring for our community’s health as a Health Maintenance Organization (HMO). As an HMO plan member you agree to obtain all of your medical care and services through our comprehensive HMO contracted network. There are over 6,500 contracted providers within our HMO network.

LOCALLY TRUSTED. NATIONALLY RECOGNIZED.
It is one thing to join a trusted local health care resource, but it’s quite another to be a member of a locally-based health care organization that has earned the level of national respect that FHCP enjoys. It’s the best of both worlds, with an exceptional array of plans and services.

- Voted Best Health Plan for 28 years by News-Journal Readers’ Choice

- Voted Best Health Plan by Hometown News
  Source: Hometown News 2019 Readers’ Choice
- Voted Best Health Plan in Brevard County
  Source: Florida Today Readers 2019 Best of Brevard
- Awarded Healthiest Company Award, Platinum Status by the First Coast Worksite Wellness Council
- Awarded a 5 Star Rating by the Centers for Medicare and Medicaid Services (CMS)
- Awarded “Commendable” Accreditation Status by the National Committee for Quality Assurance (NCQA)

FHCP MISSION STATEMENT:
To provide Florida Health Care Plans’ members with health care and related services through dedicated employees and service partners who manage both the quality and cost of health care.

FHCP VISION STATEMENT:
To set the standard of managed health care in our community. Florida Health Care Plans strives to be acknowledged as a health care leader, pioneer, and advocate by our members, employees, and service partners.

LANGUAGE OPTIONS FOR NON-ENGLISH SPEAKING MEMBERS

FHCP’s Member Services Department, employees, and contracted physicians have access to over 200 languages through a translation line and can offer assistance, coverage documents, and information in the language of your choice.
ONLINE TOOLS

Information you need is always available online and in our Member Portal. In addition to viewing a list of all of our doctors and providers, you can find our Preferred Fitness gym list, health education materials, and much more on our website.

Commercial members: FHCP.com   Medicare members: FHCPMedicare.com

Member Portal
In the FHCP Member Portal, you can view your plan and benefit information, eligibility history, medications, claims, and authorization requests. You can print a temporary ID card or request a new card from FHCP, or change your PCP (Primary Care Provider). You can also request a prescription refill at one of our FHCP Pharmacies, view/download/print your benefit plan documents, and securely message FHCP Member Services.

Members are encouraged to access “Welcome To Wellness” and complete a user friendly Health Assessment, enroll in a variety of self-management programs for better health, or use a comprehensive library of medical conditions to look up information to make better health decisions.

FollowMyHealth/Patient Portal
FollowMyHealth is a free portal that allows FHCP members access to some of their medical information 24/7 from their computer, tablet, or phone.

Members who see physicians in FHCP facilities can:
• View lab and other test results
• Request, reschedule, view or cancel appointments and receive appointment reminders
• Request prescription renewals
• Send routine secure messages to treating FHCP employed physicians
• Review personal information such as medications, allergies, and medical history

Members who see contracted physicians can:
• View lab and other test results
• Review personal health information and medical history

If you are using a computer, go to fhcp.followmyhealth.com. If you use a tablet or smartphone, download the free FollowMyHealth mobile app to create an account.

myFHCP Mobile App
myFHCP is a free mobile app, available for both Apple and Android devices. The app allows you to view account, benefits, and claims information for you and your dependents. You can also use the app to refill current prescriptions at FHCP pharmacies and view a copy of your FHCP insurance card. To install, search for “myFHCP” in the iTunes App Store or on Google Play.
MEMBER PORTAL

• Print a temporary FHCP Member ID Card
• Choose your PCP
• Perform or update your health assessment
• Look at your FHCP benefit plan books
• Look at your claims
• Review your FHCP enrollment information
• Refill a prescription

PATIENT PORTAL

• Request, cancel, or reschedule appointments with FHCP Staff Physicians
• Send secure messages to your established FHCP Staff Physicians
• View lab and test results
• Request prescription renewals from your FHCP Staff Physicians if you run out of refills or the prescription expires

TAKE CONTROL OF YOUR HEALTH WITH OUR SUITE OF ONLINE TOOLS PROVIDED EXCLUSIVELY TO FLORIDA HEALTH CARE PLANS MEMBERS!
YOUR HEALTH DOCUMENTS

As an FHCP member you always have access to complete information about the plan and your specific benefits by mail, FHCP Member Portal or online at fhcp.com, as follows:

**ID Card Packet (mailed):**
- New Member Welcome Letter
- Membership Card

**New Member Packet (mailed):**
- Welcome to FHCP Brochure
- Notice of Privacy Practices

**Online via FHCP Member Portal Account:**
- Advance Directives
- Member Rights and Responsibilities
- Certificate of Coverage/Evidence of Coverage (also referred to as your Member Handbook)
- Summary of Benefits
- Health History Form
- Transition of Care Form (if ongoing care or medications are needed, please fill out this form and send securely to toc@fhcp.com)

If you would like to request a hard copy of any of these documents, please contact FHCP Member Services.

Your Membership Card identifies you as a member of FHCP. You should always carry your membership card and present it anytime you go to the following:

- Doctor/Physician’s Office
- Health Care Facility
- Hospital
- Other Health Care Provider
- Pharmacy

Your FHCP membership card is very valuable. If your card is ever lost or stolen, please visit the Member Portal to print a temporary card or order a replacement card as soon as possible. You may also contact FHCP Member Services.
The Notice of Privacy Practices (NPP) describes how medical information about you may be used and disclosed and how you can access this information. The NPP is available online or you can request a hard copy by contacting FHCP Member Services (phone number is listed on page 5).

**Commercial members:** FHCP.com  **Medicare members:** FHCPMedicare.com

Advance Directives are legal documents that allow you to spell out your decisions about end-of-life care ahead of time. They give you a way to share your wishes with your family, friends and health care professionals to avoid confusion later on. Advance Directives also allow you to designate another individual to make treatment decisions on your behalf if you become unable to make your own decisions. You may obtain Advance Directive forms online or by calling FHCP Member Services. You can also request forms at any FHCP physician’s office during normal business hours. Please take the time to fill this form out and return it securely to FHCP at:

FHCP Health Information Management  
1340 Ridgewood Ave.  
Holly Hill, FL 32117

**Commercial members:** FHCP.com  **Medicare members:** FHCPMedicare.com

Your Certificate of Coverage/Evidence of Coverage provides evidence of your coverage under your plan and describes the rights and obligations you and FHCP have with respect to the coverage and/or benefits to be provided. You can also view your certificate of coverage from the Member Portal.

Your Summary of Benefits explains what your cost will be for services covered under your plan, including co-pays, deductibles, and/or co-insurance. You may also review your summary of benefits on the Member Portal or on the myFHCP mobile app.

Transition of Care is a free service to assist with continuation of your current care for medical and behavioral conditions. A Case Manager will work with you to ensure you receive the care you have been receiving. They will help you to navigate your benefits, transition your physicians and providers to the FHCP network, whenever possible. Our goal is to make your move to FHCP as smooth and stress free as possible, while preventing lapses in your care.

Your FHCP Transition of Care Team is here to guide you through a smooth transition into Florida Health Care Plans. Please fill out the form in your member packet and send it to:

FHCP Coordination of Care  
1340 Ridgewood Ave.  
Holly Hill, FL 32117
FLORIDA HEALTH CARE PLANS MEMBER’S RIGHTS

You Have The Right:

• To a reasonable response to your requests and need for treatment or service within FHCP’s capacity, and applicable laws and regulations.

• To be informed about, consent to, or refuse recommended treatment.

• To present grievances without compromise to future health care, if you feel these rights have not been provided.

• To file an appeal. Contact FHCP’s Member Services Department for information about the appeals process. Refer to page 5 for Member Services phone number.

• To be considered as an individual with personal values and belief systems, and to be treated with compassion, dignity, respect, reasonable protection from harm, and appropriate privacy.

• To receive quality health care regardless of race, ethnicity, national origin, religion, sex, age, mental or physical disability, medical condition (including conditions arising out of acts of domestic violence), sexual orientation, sexual identity, claims experience, medical history, evidence of insurability, genetic information, or source of payment.

• To be informed about your diagnoses, treatments, and prognoses. When concern for your health makes it inadvisable to give such information to you, such information will be made available to an individual designated by you or to a legally authorized representative.

• To be assured of confidential treatment and disclosure of records and to be afforded an opportunity to approve or refuse the release of such information, except when release is required by law.

• To be informed of what support services are available at no charge to you, including but not limited to, interpreter services in the language of your choice.

• To refuse treatment to the extent permitted by law and be informed of the consequences of your refusal. When refusal of treatment by the member or the member’s legally authorized representative prevents the provision of appropriate care in accordance with ethical and professional standards, the relationship with the member may be terminated with reasonable notice.
• To participate in decisions involving your health care, including ethical issues and cultural and spiritual beliefs, unless concern for your health makes this participation detrimental to you.

• To information about FHCP, its providers, practitioners and your member rights and responsibilities.

• To participate in discussions involving medically necessary treatment options regardless of cost and/or benefit coverage.

• To refuse to participate in experimental research.

• To know the name of the physician coordinating your health care and to request a change of your primary care provider.

• To make decisions concerning your medical care, including the right to accept or refuse medical treatment or surgical treatment and the right to formulate advance directives in accordance with the Federal Law titled “Patient Self-Determination Act” and the Florida Statute Chapter 765 “Health Care Advance Directives.” These rights shall also include the right to appoint a representative either by Power of Attorney or by designation of a Health Care Surrogate to make health care decisions for you and to provide informed consent if you are incapable of doing so.

• To make recommendations regarding the organization’s member rights and responsibilities policy.

• To bring any person of your choosing to the patient accessible areas of the healthcare facility or provider’s office to accompany you while receiving outpatient treatment or consulting with your health care provider, unless doing so would risk the safety or health of the patient, other patients, or staff of the facility or office or cannot be reasonably accommodated by the facility or provider.
FLORIDA HEALTH CARE PLANS MEMBER’S RESPONSIBILITIES

You Have The Responsibility:

• To provide accurate and complete information about your present complaints, past illnesses, medications, and unexpected changes in your condition.

• To understand, ask questions, and follow recommended treatment plan(s) to the best of your ability.

• To promptly respond to FHCP’s request for information regarding you and/or your dependents in relation to covered services.

• To demonstrate respect and consideration towards medical personnel and other members.

• To understand your health problems and to participate in developing mutually agreed upon goals to the best of your ability.

• To know your medicines and take them according to the instructions provided.

• To keep appointments reliably and arrive on time or notify the provider, 24 hours in advance, if you are unable to keep an appointment.

• To follow safety rules and posted signs.

• To receive all of your health care through FHCP, with the exception of emergency care. (Members with a Point of Service or Triple Option Plan should review your “Summary of Benefits and Coverage” Sheet).

• To understand that you are responsible for your actions and consequences, if you refuse treatment or do not follow provider’s instructions.

• To report emergency treatment to FHCP contact Member Services. Refer to page 5 for Member Services phone number.

• To present your FHCP membership identification card each time you drop off and pick up a prescription.

• To use the emergency room facilities only for medical emergencies and serious accidents.

• To be financially responsible for any co-payments, co-insurance, and/or deductibles and to provide current information concerning your FHCP membership status to the provider.
WHERE TO GO FOR CARE

Selecting a Primary Care Physician
For maximum coverage and the lowest out of pocket expenses, select a primary care physician (PCP) from the FHCP Provider Directory. Your PCP, usually a physician specializing in Family Medicine, Internal Medicine or Pediatrics, provides general acute, chronic and preventive care services, coordinates other health care services you need, and refers you to a specialist when necessary.

The FHCP Provider Directory contains information that will help guide you in making the best selection. Included in the directory is each physicians’ specialty, address, telephone number, and board certification status, as well as a designation for practices that are Patient Centered Medical Home (PCMH) certified. The directory also includes a list of specialists, hospitals, pharmacies and other facilities in our Network.

Commercial members: View this information online, go to FHCP.com then go to “Find a Doctor/Facility.” If you would like a hard copy of the Provider Directory, you can print a customized directory.

FHCP Medicare members: view the FHCP Provider Directory online at fhcpmedicare.com under “Find a Provider”. If you would like a hard copy of the Provider Directory, you can print a customized directory.

To obtain a hard copy of the Provider Directory visit our Holly Hill facility at 1340 Ridgewood Ave., or call Member Services. Refer to page 5 for Member Services phone number.

Specialty Care and Behavioral Health Services
You and your physicians’ may determine that you need to see a specialist, including a behavioral health physician. Your PCP will coordinate your care and, in most cases, directly refer you to the specialist and services you need.

There are several specialties that do not require a referral from your PCP. These are listed as “Direct Access Providers” in the Provider Directory and include (but are not limited to) the following:

- Gastroenterology (colonoscopy screening)
- Dermatology
- Optometry
- Chiropractic Medicine
- Obstetrics/Gynecology
- Podiatry
Emergency Care
In the event of an illness or injury, it can be difficult to decide where to go for care. If you experience emergency symptoms, you or a family member should seek immediate treatment by calling 911 or going to the nearest emergency room. Any severe illness or injury should be evaluated in the emergency room. Examples include, but are not limited to:

- Unresponsiveness
- Chest pain
- Stroke symptoms
- Spine or head injury
- Mental status change
- Difficulty breathing
- Uncontrolled bleeding
- Poisoning

Urgent Care / Acute Care
If you have acute symptoms, you can go to one of our FHCP Extended Hours Care Centers or to an Urgent Care Center in network.

For all non-emergency services please call your Doctor/Primary Care Physician first for assistance.

NOTE: Your out-of-pocket cost will be less if you go to your PCP or to one of the FHCP Extended Hours Care Centers.

Examples of acute symptoms:
- Sore throat
- Moderate fever
- Cough
- Sprains
- Headache

We encourage you to call your PCP first, but if he or she isn’t available, our Extended Hours Care Centers are an affordable and convenient option. Or, you may access care through Doctor on Demand video visits.

Please call FHCP Central Scheduling at 386-676-7198 or toll free at 1-855-210-2648 between the hours of 7 a.m. - 7 p.m., Monday through Friday to make a same-day appointment at one of our Extended Hours Care Centers. We have several facilities that offer services on Saturday and Sunday.

Doctor On Demand – Video Visits with a Physician

Doctor On Demand provides video visits with board certified physicians and licensed psychologists via smartphone, tablet, or computer and is available to members enrolled in an FHCP medical benefit plan.

Doctor On Demand treats many common non-emergency medical issues such as cold, flu, fever, bronchitis, sinus infection, eye issues, upset stomach, rash, etc. While Doctor On Demand is not intended to replace regular, in-person visits with your PCP, this service can be a convenience if you are considering an ER or urgent care visit for a non-emergency issue, when your primary care physician is not available, or when you are traveling and in need of non-emergency care. Your Doctor On Demand co-pay will be similar to your PCP co-pay.

Doctor On Demand also makes Behavioral Health visits convenient. You can schedule appointments with a therapist or a Psychiatrist for ongoing care. Your Psychiatry visits will be similar to a Specialty payment and depending on your plan may be subject to your deductible.

Go to doctorondemand.com/FHCP for additional information, including instructions for downloading the app on your mobile device or computer.

Nurse Advice Line

FHCP provides a 24/7/365 nurse advice line service to our members. Experienced, bilingual Registered Nurses are available to assist you in making the right choices involving health issues by using evidence-based guidelines. In addition to determining the nature and urgency of your current symptoms and giving directions for the care required, they can also help you better understand diagnoses and prescribed medications, and where and when to go for more help.

Too often, the emergency room is used for non-emergency reasons. Using the Nurse Advice Line can help you get care you need and also reduce unnecessary doctor and ER visits, saving you time and money. Members can call 1-866-548-0727 toll free to speak with a nurse. Within the Nurse Advice Line, you also have the option to access a 24-hour Audio Library, containing over 1,500 health topics in English and Spanish, as well as current community health concerns and announcements.

24-HOUR NURSELINE: 1-866-548-0727
HOW CLAIMS ARE PAID

When you utilize doctors/physicians/other providers in our HMO contracted network, claims for those services are automatically submitted to FHCP for payment. You should not have to submit claims. You will generally be responsible for payment of co-pays, co-insurance and/or deductibles at the time of service; in some instances you may be billed for these charges after care has been provided.

OBTAINING CARE WHEN OUTSIDE THE FHCP SERVICE AREA

When traveling outside of our service area, urgent and emergency care is covered under the BlueCard® program. This program, sponsored by the Blue Cross Blue Shield Association, gives you access to doctors and hospitals throughout the United States and worldwide.

To locate a BlueCard® provider, call FHCP Member Services. If you have an emergency situation go directly to the nearest hospital and after treatment is received, you or your family should call FHCP and your PCP as soon as possible.

REIMBURSEMENT FOR CHARGES INCURRED WHEN TRAVELING

It is possible that when you are traveling and seek emergency or urgent care services, the provider may require payment for all charges at the time of service. Please submit the following documents to receive reimbursement:

- The original paid receipt
- An itemized bill that includes:
  1. List of the services you received- in the United States (US), these may be called CPT codes
  2. The reason(s) you were seen- in the US, these may be called ICD-10 codes
  3. The exact amount of charges
  4. The provider’s National Provider Identifier (NPI). This is only used in the US
  5. The name of the location where you received the services
  6. Medical records translated into English, if traveling outside of the US and services are received in a language other than English

Send the above documents by mail to:
  Florida Health Care Plans
  ATTN: Claims
  PO Box 10348
  Daytona Beach, Florida 32120-0348
HOW WE MANAGE YOUR CARE

Medical Management/Utilization Management (MM/UM) is a process that helps decide if certain outpatient care services, inpatient hospital stays, or procedures are medically needed and covered by the plan. We make this decision based on what is right for each member and on the type of care and service.

We look at standards of care taken from:
- Medical policies
- National coverage guidelines/criteria
- Plan health benefits

You should know:
- Employees, consultants, or other providers are not rewarded or offered money or other incentives to deny care or service.
- Employees, consultants, or other providers are not rewarded for supporting decisions that result in the use of fewer services.
- We do not make decisions about hiring, promoting or firing employees, consultants, or other providers based on the idea that they will deny benefits.
- You can speak with someone in the MM/UM department by calling 386-676-7187. Translation services are available to our non-English speaking members when you call the FHCP Member Services number (please see page 3). For those with hearing impairment or speech loss, call TTY: 1-800-955-8770.

Referrals and Prior Authorizations
It is important to understand the difference between a Referral and a Prior Authorization, and how and when to obtain each one.

A Referral is a practitioner’s “order” or a member request that facilitates a recommendation that a member see another practitioner (example: a specialist) for consultation or health care services that the referring practitioner believes is necessary but is not prepared or qualified to provide (example: Your PCP thinks you need to see a Cardiologist. This referral/order goes directly to the in network Cardiologist for an appointment and does not come to FHCP). A referral may be submitted by your practitioner electronically, by telephone, or in writing by fax or regular mail. A member can request a referral by calling his/her PCP or FHCP Member Services.

Prior authorization is the process of reviewing a request for specific medical services to ensure that the services are both medically necessary and covered by the benefit plan. A request for services in need of prior authorization will be submitted from your physician to FHCP Central Referrals department. Most services at FHCP do not require prior authorization, and those that do require prior authorization are listed in the Summary of Benefits, Evidence of Coverage, on the FHCP website, and also through the FHCP Member portal (at FHCP.com)
Most requests are approved, however, if your requested service is not authorized, the member and provider are notified in writing. The notice will include the specific reasons for denial, your right to appeal, and information on how to submit an appeal.

Contact Referrals at 386-238-3230 or 1-800-352-9824, Ext. 3230 with questions regarding referrals and prior authorizations. The hours of operation are Monday-Friday, 8 a.m. - 5 p.m.

Complaints, Grievances and Appeals
We are dedicated to providing our members with access to quality healthcare and services. We offer complaint, grievance, and appeal processes designed to provide a prompt resolution to your request. Reasons for submitting a complaint, grievance, or appeal may include dissatisfaction with or disagreement with:

- Quality of care or service
- Plan or administrative practices
- Coverage, benefit, or payment decisions

When you call with a complaint we will document your concerns and take appropriate action. If you submit your complaint in writing, this is known as a grievance. We will also contact you verbally and in writing with the status of your complaint.

Appeals
When you disagree with FHCP’s denial of a claim, denial of a prior authorization request, or notification that a service you’re receiving is going to end, you have the right to appeal the decision. An appeal is a request for FHCP to take another look at our decision and reconsider.

If your or your physician’s request for prior authorization for a service is denied or you receive a denial for payment of a claim, you will receive a written notice of a denial. The denial notice will include the reason for the denial, your right to appeal the decision, and information on how to submit your appeal.

If FHCP has notified you that a service you are currently receiving, such as home health care or skilled nursing care, is about to end, you will be informed about the reason for the decision and your right to appeal the decision.
### Appeal Decision Timeframes (FHCP will notify you of our response within):

<table>
<thead>
<tr>
<th>Procedure</th>
<th>Timeframe</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior Authorization</td>
<td>30 days or less</td>
</tr>
<tr>
<td>Claims Denial</td>
<td>60 days or less</td>
</tr>
<tr>
<td>Expedited Review (end of service or urgent pre-authorization)</td>
<td>72 hours or less</td>
</tr>
</tbody>
</table>

### Appeal Decisions

If we decide an appeal in your favor, FHCP will do the following:

- Pay the claim
- Approve the requested service
- Approve the continuation of the service you are receiving

If we decide our original denial was correct, FHCP will:

- Notify you verbally and in writing of the reason(s) for our decision. This notice will also include your right to take your appeal one step further by requesting an external review by an organization not affiliated with FHCP. The External Review Organization available to you depends solely on your benefit type.

For more information about referrals, prior authorizations, or other Utilization Management processes, contact FHCP Member Services. After hours information is also available through our Call Center.
QUALITY IMPROVEMENT AND PATIENT SAFETY

Understanding Quality
FHCP’s definition of “Quality” is simple: it’s our commitment to excellence measured by the satisfaction of you—our customers, our neighbors, our friends and our community and nationally recognized evidence based on measures of health care. FHCP is accredited by the National Committee for Quality Assurance (NCQA). NCQA is an independent, not-for-profit organization dedicated to assessing and reporting on the quality of health plans.

Patient Safety Information

• **Medications.** Make sure both your doctor and pharmacist know all the medicines you take, including over-the-counter medications (aspirin, etc.), vitamins, and supplements. Inform them of any drug allergies. Ask your doctor to spell out the name of a prescribed drug and specify the dose. Write this down, so that you can check it against the label on the pharmacy bottle. Talk to your doctor or the pharmacist, and find out exactly what the drug is for, how to take it (empty or full stomach; time of day), what to avoid while taking it (foods, beverages, or activities), and possible side effects. Read any written information provided about the medicine.

• **Tests.** Find out the results of any test or diagnostic procedure. When tests are ordered or completed (even routine tests) ask when and how you will get the results. If the results are late, call your doctor’s office to request a status. When you receive the results, ask what they mean for your care.

• **Physician-Patient Communication.** You should feel comfortable talking with your physician about your health and treatment. If you have any questions or concerns, express them. Don’t hesitate to ask for a simpler explanation or to take notes. You may want a family member or a friend to accompany you to help you understand a condition, especially a serious condition.

• **Surgery.** Be sure you understand what will happen before and after any surgery. Ask the surgeon what he/she will be doing, how long it will take, and what recovery will be like. If the surgery requires hospitalization, ask whether the surgeon or another physician will take charge of your care after the procedure. Before the procedure, tell the anesthesiologist or nurse if you have any drug allergies or history of any reactions to anesthesia.
**Medications on the Formulary**
Generic medications offer the lowest-cost options to our members and are available at a Tier 1 or Tier 2 co-pay. Talk with your physician to see if a generic is available to treat your condition. FHCP’s Pharmacy and Therapeutics (P and T) Committee reviews medications that appear on our formulary for safety, effectiveness, and cost. This review includes Food and Drug Administration (FDA) reports along with recommendations by specialty boards, such as the American Board of Pediatrics. The P and T Committee meets quarterly and consists of licensed pharmacists and physicians representing various specialties. The most current FHCP formularies are available online and can be printed upon request by contacting FHCP Pharmacy Services at **386-676-7173 or 1-888-676-7173**.

**Commercial members:** FHCP.com  
**Medicare members:** FHCPMedicare.com

**Assessing New Technologies**
FHCP’s Pharmacy and Therapeutics Committee also reviews and makes recommendations on the latest trends in medical care and new technologies. Recommendations are based on several factors including, but not limited to: the medical literature, FDA approval, recommendations by national specialty boards and organizations (such as the American Medical Association (AMA) and the National Association of Gastroenterology), patient outcomes, and nationally recognized medical criteria, such as Milliman Care Guidelines.
HEALTH AND WELLNESS

FHCP has adopted a population health focus aimed at helping our members get healthy, stay healthy, and manage existing chronic diseases. As part of our Population Health Management (PHM) strategy, we evaluate the needs of our entire membership to connect you with PHM programs and services tailored to your needs. Our PHM programs include:

- Annual Flu Shots
- Breast Cancer Screening
- Diabetic Retinal Exams
- Asthma Medication Management
- Readmission Prevention Initiative
- Health Service Navigation

In addition to the above programs, other PHM services/programs may be available, such as:

- Eat Right Move Right
- Healthy Heart Nutrition
- Nutrition Game Plan for Diabetes
- Diabetes Prevention
- Diabetes Education
- Community Resource Coordinators
- In-home visits with a mid-level practitioner after a hospitalization
- Mobile lab and radiology services
- Self-management tools in the FHCP Member Portal

Please visit FHCP.com/health-wellness or call 386-676-7100, Ext. 7288 for detailed information about FHCP’s Population Health Management programs, including how to enroll or opt-out.

FHCP also offers members a variety of health and wellness programs and services at little or no cost. Members are not limited by the number of programs they may participate in. For more information, go to FHCP.com or call the number listed under each program, Monday through Friday from 8 a.m. to 5 p.m. Hearing impaired call TRS Relay 711.
**Acute Low Back and Neck Pain**
This physical therapy program helps members manage acute or chronic low back or neck pain. Open to all members age 17 and up, members can contact Ability Health Services (all locations) or Palm Coast Sports Medicine directly. Co-pay/ co-insurance and policy limits apply. For more information or to obtain a list of facilities, call FHCP Member Services. Refer to page 5 for Member Services phone number.

**Case Management - Coordination of Care**
This is a free program offered to members who may benefit from assistance with coordinating their medical, psychosocial, and financial needs. Working with members and their physicians, Case Managers can provide the education and resources needed for members to better understand and comply with their plans of care. Other programs are available to meet your health care needs; these include patient monitoring, in-home medical management and community resources coordination. A Case Manager will help you determine which programs are right for you. The FHCP Case Management Department can be reached at **386-238-3284** or toll free at **1-855-205-7293**.

**Hypertension (high blood pressure)**
FHCP offers a two-hour hypertension self-management class taught by Registered Dietitians. This free class focuses on the DASH (Dietary Approaches to Stop Hypertension) diet and low sodium education. For more information or to register, call the FHCP Diabetes/Health Education Department at **386-676-7133** or toll free at **1-877-229-4518**.

**Diabetes Education Program**
Recognized by the American Diabetes Association (ADA), and conducted by FHCP registered nurses and registered dietitians/Certified Diabetes Educators (CDEs), this free 10-hour diabetes education program covers: diabetes overview, complications, signs and symptoms of high and low blood sugar, lifestyle modifications, medications, nutrition, monitoring guidelines (HgbA1C, blood glucose meters, blood pressure, weight), and foot, skin, and dental care. In addition, CDEs are also available for individual appointments. For more information, contact the FHCP Diabetes/Health Education Department at **386-676-7133** or **1-877-229-4518**.
Nutrition Game Plan for Diabetes
This two-hour session is recommended for members who have completed the 10-hour Diabetes Education Program. The class reinforces disease specific nutrition education and answers questions regarding diabetes. For more information, call the FHCP Diabetes/Health Education Department at 386-676-7133 or 1-877-229-4518.

Diabetes Prevention Program
This free, two-hour class is designed to help members identify risk factors for developing diabetes. It includes information about nutrition, exercise, and behavioral strategies for prevention. A more intense diabetes prevention program also is available. For more information, call the FHCP Diabetes/Health Education Department at 386-676-7133 or 1-877-229-4518.

Healthy Heart Nutrition Program
This free class helps members identify risk factors for heart disease and offers tips for improving lifestyle to reduce those risks. For more information, call the FHCP Diabetes/Health Education Department at 386-676-7133 or 1-877-229-4518.

Osteoporosis
This program is for members who are at risk for or have been diagnosed with Osteoporosis or Osteopenia. Therapists at Ability Health Services will perform an evaluation and physical assessment to determine strength, endurance and activity level. Members can call Ability directly; no referral is needed. Co-pay/co-insurance and policy limits may apply. For more information or to obtain a list of facilities, call FHCP Member Service. Refer to page 5 for Member Services phone number.
**Preferred Fitness / Gym Access**
This free fitness program is provided to **FHCP Medicare** members, certain employer groups who elect this coverage and members who enroll in individual plans with gym access. Eligible members have unlimited access to a variety of quality health and fitness facilities in Volusia, Flagler, Brevard, St. Johns and Seminole counties. For a current list of facilities, visit our website or call FHCP Member Services. Refer to page 5 for Member Services phone number.

**Commercial members:** FHCP.com  **Medicare members:** FHCPMedicare.com

**Weight Management**
“Eat Right, Move Right” is a free six-week course that promotes a lifestyle change approach to weight loss for members with a Body Mass Index (BMI) over 27. Class topics include how to increase activity, improve eating habits, and change behaviors for permanent weight loss. Members will learn to set realistic goals, make behavior changes, use the USDA plate method, manage dining out experiences, and change food shopping habits. For more information, call the FHCP Diabetes/Health Education Department at **386-676-7133** or **1-877-229-4518**.

**Smoking Cessation**
Tobacco Free Florida (TFF) is a free, statewide smoking cessation and prevention campaign. The program is managed by the Florida Department of Health through the Bureau of Tobacco Prevention. Smokers and smokeless tobacco users interested in assistance with quitting are encouraged to call the Florida Quitline at **1-877-U-CAN-NOW (877-822-6669)** to speak with a Quit Coach®.

To access TFF’s additional quit smoking resources, visit the Tobacco Free Florida website at **tobaccofreeflorida.com**.
### 2019 Recommended Immunizations for Children from Birth Through 6 Years Old

**Is your family growing?** To protect your new baby against whooping cough, get a Tdap vaccine. The recommended time is the 27th through 36th week of pregnancy. Talk to your doctor for more details.

Shaded boxes indicate the vaccine can be given during shown age range.

**FOOTNOTES:**

- Two doses given at least four weeks apart are recommended for children age 6 months through 8 years of age who are getting an influenza (flu) vaccine for the first time and for some other children in this age group.
- Two doses of HepA vaccine are needed for lasting protection. The first dose of HepA vaccine should be given between 12 months and 23 months of age. The second dose should be given 6 months after the last dose. HepA vaccination may be given to any child 12 months and older to protect against hepatitis A. Children and adolescents who did not receive the HepA vaccine and are at high risk should be vaccinated against hepatitis A.

If your child has any medical conditions that put him at risk for infection or is traveling outside the United States, talk to your child’s doctor about additional vaccines that he or she may need.

**NOTE:**

If your child misses a shot, you don’t need to start over. Just go back to your child’s doctor for the next shot. Talk with your child’s doctor if you have questions about vaccines.

For more information, call toll-free 1-800-CDC-INFO (1-800-232-4636) or visit www.cdc.gov/vaccines/parents

U.S. Department of Health and Human Services
Centers for Disease Control and Prevention

American Academy of Pediatrics
Dedicated to the Health of All Children®
Talk to your child’s doctor or nurse about the vaccines recommended for their age.

</tbody>
</table>

**More information:**
- Everyone 6 months and older should get a flu vaccine every year.
- All 11- through 12-year olds should get one shot of Tdap.
- All 11- through 12-year olds should get a 2-shot series of HPV vaccine. A 3-shot series is needed for those with weakened immune systems and those who start the series at 15 years or older.
- All 11- through 12-year olds should get one shot of meningococcal conjugate (MenACWY). A booster shot is recommended at age 16.
- Teens 16–18 years old may be vaccinated with a serogroup B meningococcal (MenB) vaccine.

These shaded boxes indicate when the vaccine is recommended for all children unless your doctor tells you that your child cannot safely receive the vaccine.

These shaded boxes indicate the vaccine should be given if a child is catching up on missed vaccines.

These shaded boxes indicate the vaccine is recommended for children with certain health or lifestyle conditions that put them at an increased risk for serious diseases. See vaccine-specific recommendations at [www.cdc.gov/vaccines/hcp/acip-recs/](http://www.cdc.gov/vaccines/hcp/acip-recs/).

This shaded box indicates children not at increased risk may get the vaccine if they wish after speaking to a provider.
