MEDICARE MEDICATION TRANSITION PROGRAM

Welcome to Florida Health Care Plan, Inc. The following form is part of the Medicare Medication Transition Program for our new Medicare members. This program will help you find the best value for your prescription drugs. The information you provide on this form will be reviewed by a Florida Health Care clinical pharmacist. The pharmacist will make recommendations to your physician to help find the least expensive and most effective alternative to medications that you are currently taking not covered by Florida Health Care Plans.

It is important that you complete this form as early as possible and return it to Florida Health Care Plans so we can begin the review process before you run out of your medications. The pharmacist may contact you by telephone if there are any questions. Patients that have run out of medications, and need a one-time fill of a non-formulary medication, can use an FHCP pharmacy. The one-time fill co-pay/coinsurance will be at either the Tier 2, 4, or 6 co-pay/coinsurance rate.

When you have completed this form, please drop it off at a Florida Health Care Plans Pharmacy (listed below) or mail it in the enclosed self-addressed, stamped envelope.

We appreciate your membership and look forward to serving you.

MEDICARE MEDICATION TRANSITION PROGRAM
