**THE FHCP PROVIDER REFERRAL GUIDES CAN BE FOUND AT
FHCP.COM-PROVIDERS
AND THE FHCP PROVIDER PORTAL**

**These links make the Referral Guidelines easily accessible and they are updated monthly.
The guides are interactive as well – NO need to scroll!**

Helpful Tips when navigating these guides:

1. By typing Ctrl + F – it brings up the “Find” function box. Type the Specialty in the “Find” box, it will display exact matches to the user. The user should then select the appropriate match they are trying to reference.
Once selected, it transports the user directly to the specialty, under the Table of Contents. Click on the Specialty. That will then lead the user to the desired selection.
- or
2. Go directly to the Specialty of your choice in the Table of Contents and click on the Specialty and it will take you to the specialty section selected.
3. By typing Ctrl + Home – will bring the user back to the top of the PDF document.

CASE MANAGEMENT COORDINATION OF CARE DEPARTMENT

Case Management Coordination of Care is designed to address the needs for the highest risk members. The case management process utilizes evidence-based clinical guidelines to conduct comprehensive assessment of the member's condition, evaluates available benefits and resources, develops and implements a case management plan with performance goals, monitoring, and follow up. The overall goal of case management is to empower members in self-management skills, regain optimum health, or improve functional capability through appropriate services and interventions. Case Management is a voluntary program and all eligible members have the right to decline participation.

Criteria for enrollment in Case Management Coordination of Care includes but not limited to members with new diagnoses, acute or uncontrolled chronic diseases, critical events that require extensive use of resources, significant barriers of social determinants of health that limit access to care, or identified from proactive data screening, who may require any of the following:

- Assistance navigating the health care system
- Assistance with monitoring and treatment
- Assistance with barriers related to social determinants of health
- Education on health condition(s) and health coaching
- Education supporting practitioner plan of care
- Coordinate appropriate resources, programs, or benefits
- Coordinate measures to improve quality of life and disease-specific outcomes

There are several case management services that the members will be stratified to:

- **Chronic Complex Care**- assists members with complex health conditions to reduce disease progression and gain empowerment through self-management of lifestyle practices that aims to improve quality of life. Members would benefit from advocacy, education, and navigation to access appropriate care, link to resources, benefits, or programs. Program includes transplant case management.
- **Interactive Health at Home**- remote patient monitoring targets members with uncontrolled hypertension and Congestive Heart Failure. Members would benefit from health sessions, monitoring of members' biometrics, and management of symptoms. Reports to the member's physician are timely, accurate, and actionable data to promote clinical efficiencies, reduced hospitalizations, and improved outcomes for members. Peripherals offered are scale, blood pressure cuff, and pulse oximetry.
- **Short Term Program**- assists members with new onset of health diagnoses, transitional care from hospital to home, or link members with high use of emergency room or hospitalizations to FHCP resources. Members would benefit from frequent contact for monitoring and education to understand signs and symptoms for early intervention and gain empowerment with self-management skills to reduce complications and improve quality of life.
- **In-Home Mid-Level Providers**- Available in Brevard, Volusia, Flagler, and Seminole counties; the RN Case Manager coordinates member care with the mid-level providers to assist homebound members or those with limited support to supplement primary care services in the home or facilitate transitional care for high risk members discharged from hospital/SNF to home. The goal is to reduce the risk of disease progression; reduce risk of fragmented care; provide early interventions to reduce need for emergency department, hospitalization, and urgent care by provision of primary care or transitional care services. In Home Mid-Level providers promote compliance with follow up care and medication management to reduce complications and enhance quality of care.

Additional Case Management Coordination of Care information on the following page.

CASE MANAGEMENT COORDINATION OF CARE DEPARTMENT (continued)

- **Community Resource Program-** Community Resource Coordinators partners with members and providers/referral sources to address the barriers to social determinants of health that impact access to healthcare through utilization of agencies and community partners. Community Resource Coordinators complete individualized needs assessments to link members with appropriate existing resources offered through agencies or within their community. CRCs do not address urgent placement or home safety evaluations; physicians would continue to refer members with urgent needs to HHC Skilled Nurse and Medical Social Worker or Department of Children and Families. SNF placement continues to be directed to Utilization Management Department 386-676-7187.

Members may be referred by:

- Practitioners
- Member or Caregiver
- Discharge Planners
- Medical Management Programs
- Proactive Data Claims Review

There are various methods to refer a member to the Case Management Coordination of Care or Community Resources services:

Telephone Contact: Toll Free 855/205-7293 or 386/238-3284

Referral form available through the provider handbook

Fax: 386/238-3271

Website: www.fhcp.com

Email: cmanagement@fhcp.com

Internal: E.H.R. Task

Monday - Friday 08:00 AM to 5:00 PM

- **FHCP New Member Transition of Care Program-** The goal of the Transition of Care team is to assist new members transitioning into our network of providers, pharmacies, and covered medications. The member would benefit from clinical review of health history and medications to coordinate care with available resources, benefits, and participating providers or services to make the transition as seamless as possible. The RN Navigator assists existing members that are experiencing a change in benefits, providers, or services, or moving into another county served by FHCP or change of employers that offer FHCP insurance.

Members may be referred by:

- Practitioners
- Member or Caregiver
- Member Services
- Marketing Agents
- Employer Groups

COLOGUARD TESTING

INSTRUCTIONS: The Physician's office will need to complete the Cologuard Requisition Form available at www.cologuardtest.com. Complete the form and fax the completed form to the number noted on the bottom of the form. Patient Insurance/Billing Information must be completed for FHCP to pay for the test. The easiest option would be to copy the patient's FHCP card and attach it to the requisition.

- Cologuard is for individuals 50 years or older, and at average risk.
- Cologuard looks for blood and DNA associated with colon cancer and precancerous growth found in a person's stool sample.

Once ordered by your office, a Cologuard box is delivered to the patient's home via UPS. Patients collect their sample on their own time and use a prepaid return shipping label to send the specimen to Exact Sciences Laboratories in Madison, Wis. for processing. Test results are sent directly to your office within a few weeks. **Please fax a copy of the test results to FHCP at 386 / 481-5009.** Exact Sciences also conducts follow up calls to drive high patient compliance. You can learn more about Cologuard at www.cologuardtest.com/hcp.

Cologuard is not a replacement for diagnostic or surveillance colonoscopy in high-risk individuals.

GENETIC TESTING/COUNSELING

All Genetic Testing for FHCP members must have prior authorization from the FHCP Referral Department. Please do not send a FHCP member directly to a lab.

- FHCP Providers ordering Genetic Testing may provide Genetic Counseling to the FHCP member. Documentation to be included in patient's record
- If the ordering physician cannot provide Genetic Counseling, then the counseling will require prior authorization from the FHCP Referral Department
- Order the Genetic Counseling on the FHCP Referral Form prior to submitting the test request. The FHCP Referral Department will order counseling from INFORMEDDNA (IDNA). Counseling must be completed before the test is requested.
- The FHCP Genetic Testing Form form will be used to order Genetic Testing only and must be completed in full and sent to the FHCP Referral Department. Fax to 855 / 442-8398. Must be received prior to patient being sent for the lab testing
- The revised FHCP Genetic Testing form and the FHCP Referral form are available on line at www.fhcp.com – PROVIDERS – Referrals, Prior Authorizations and Orders
- Ordering Provider will be notified of approval or denial
- If order is approved the FHCP Referral Department will fax the FHCP Order Form back to the ordering provider with the FHCP authorization number noted
- The ordering provider will notify the FHCP member and either give the order form to the FHCP member or send to the FHCP or Quest draw station that patient has requested

GLUCOMETERS

BLOOD GLUCOSE METER TRAINING

FHCP's Call Center, located at Halifax Health, has meters available **ONLY** for FHCP members being discharged.

Meters (both new and replacement meters) are available for all other FHCP members at their **FHCP PCP office** or one of the **Extended Hours Care Centers** listed below. If member has an outside PCP and needs a new or replacement meter those meters are available in the EHCC clinics. All other requests or issues should default to Health/Diabetes Education and they will assist member.

Please call 877 / 229-4518 or 386 / 676-7133 Fax: 386 / 238-3228.

Fee for Service clients must have a prescription and obtain their meter from wherever their insurance plan directs them. Volusia Health Network patients should call Karen Aalbrektse at VHN, 386 / 239-2322, to obtain their meters.

A member or his/her representative may pick up a meter if they already know how to use it. Meter training must be provided for all newly diagnosed members and American Diabetes Association (ADA) Recognized Diabetes Education Classes offered.

Meters (both new and replacement meters) are available for FHCP members at their FHCP PCP's office or one of the Extended Hours Care Centers listed below. The below EHCC locations will also be available for FHCP members who have an outside PCP and needs a new or replacement meter.

PROVIDERS OR FACILITIES NOT LISTED IN FHCP DIRECTORIES

This would include all providers and hospitals that are out of the FHCP's network. It also includes supplemental providers not listed in FHCP Provider Directories.

Referrals to Providers who do not participate in FHCP's HMO Network or certain providers and facilities that supplement FHCP's Network require prior authorization by FHCP. Referral to a non-participating or supplemental provider may be considered for approval under the following circumstances:

1. A particular skill or service is not available from FHCP Network Providers
2. A Network Provider is not available or accessible within established availability time frames
3. The Network Provider is not geographically accessible to the member

INSTRUCTIONS: Complete the FHCP Referral Form. Attach pertinent documentation to substantiate the request and forward by fax (855 / 442-8398) to FHCP's Central Referrals. The Referral Department will review the request and if approved will forward the referral and clinical information to the provider for scheduling purposes.

Please include the requested provider's complete name, address and telephone number.

PROVIDER PORTAL REGISTRATION

Registration for FHCP Provider Portal is available at [Provider Portal Registration](#). You will need the practice's Tax and Vendor ID to complete the registration process. If assistance is needed, please contact Roberta Hemphill / Community Relations Coordinator at 800 / 352-9824 X 7423.
