Re: Inside Florida Health Care Plans Magazine

We are pleased to introduce the first edition of [*Inside Florida Health Care Plans*](#), a quarterly magazine highlighting our people and products, what makes us unique, and our history of success in meeting the health care needs of our community. We invite you to check it out now on our website's home page fhcp.com!

As a valued provider and partner in our success, we wanted you to be among the first to see it. While our first issue is digital only, we do plan to make future versions available in print, although quantities will be limited. Please let us know if you would like any print copies of our next issue for your office.

In the meantime, we welcome any comments. Feel free to share feedback with any of our dedicated team members in Provider Relations at providerrelations@fhcp.com or by phone 386.615.5096.
