

Finding Affordable Care *with the* ACA and FHCP

Did you know that FHCP offers affordable health care plans under the Affordable Care Act (ACA)? ACA plans provide essential health services that include prescription drugs, emergency health services, hospitalization, lab services, and mental health, in addition to PCP and Specialist office visits.

Preventive services are provided at no cost, as well. You may also qualify for premium assistance and reduced out-of-pocket costs based on your household income.

If any of the following apply to you or your family members, consider contacting us at sales@fhcp.com or (386) 676-7110.

To enroll or learn more, please visit <https://www.fhcp.com/shop-plans/> or scan the QR code.

- You recently lost your employer health benefits.
- You have had a financial change in income.
- You have moved.
- You or your spouse have had a baby or adopted a child.
- You got married.
- You got divorced and lost health insurance for you or your family.
- Your spouse retired and you lost employer-based health care.

Let FHCP help answer all your questions to see if you qualify for coverage and financial assistance under the ACA.
