

About Florida Health Care Plans

Founded in 1974, Florida Health Care Plans (FHCP) is a pioneering provider of health coverage plans and comprehensive health care services, available to individuals, families, employer groups, and Medicare-eligible individuals.

Headquartered in Daytona Beach, FHCP serves more than 100,000 members throughout Brevard, Flagler, St. Johns, Seminole, and Volusia Counties. An affiliate of Florida Blue, and part of the GuideWell family of health solutions companies, FHCP offers access to a provider network of more than 9,500 doctors, specialists, and hospitals.

Health Care Solutions for Businesses

FHCP offers a variety of health plans with varying levels of copayments, deductibles and/or coinsurance to help employers find the right coverage for employees. For more than 50 years, we have been investing in the health of employees and their families in our community. By promoting programs focused on preventive care and wellness and delivering high-quality, cost-efficient care, we can be a valued partner to help you keep your employees healthy and manage the cost of their care.

You may be able to select multiple health plans with FHCP, allowing your employees to choose the plan that works best for them.

With FHCP, HMO Plans are predictable cost-sharing plans that make it easy for employees to manage their health care spending. You can consider a variety of copayment and coinsurance options.

For more affordable options, our Deductible HMO plans add an annual deductible to patient out-of-pocket costs. These plans have lower monthly premiums while still providing your employees the same quality care and access to our facilities and pharmacies.

We also offer our Point of Service (POS) Plans for employees who need added flexibility to choose physicians and services outside of our provider network. These plans combine the high-quality FHCP HMO network with the option to go out of network when needed.

You can also pair FHCP plans with a Florida Blue PPO plan for the most choice. A PPO plan can help those employees that reside outside of the FHCP service area, keeping FHCP available to those employees in our service counties.

- ✓ In-house labs, X-ray, and ultrasound imaging services
- ✓ Outpatient Surgery Center
- ✓ Access to 9,500+ in-network providers
- ✓ 24/7 virtual health and behavioral health visits
- ✓ Unlimited access to 75+ gyms, including select YMCAs

Wellness Programs

As the community leader in wellness, FHCP strives to build an inclusive, empowering workplace culture focused on total well-being so that employees have the tools and resources necessary to lead healthier, happier lives. When you choose FHCP, you will be assigned a dedicated Certified Wellness Professional working side-by-side with you every step of the way in developing wellness programs that fit your needs.

FHCP Supports Your Goals

As a trusted health care partner, we believe in offering a variety of plans that fit the needs of employees and their families at an affordable price without compromising the quality of the care they receive. By choosing FHCP, employees will receive personalized, coordinated care from a team of doctors, nurses, and pharmacists who work together to better their health. We never forget that what we do directly impacts the lives of the people we serve.
